

BC Hydro

Power smart energy conservation assistance programs.

1. Energy Saving Kit

- BC Hydro and Terasen Gas offer a free Energy Saving Kit - valued at \$75 - available to qualifying BC Hydro account holders that live in a low-income household.
- Income qualification is based on Statistics Canada's Low Income Cut-Off and varies depending on where you live.
- Savings on power , heat and water can add up to \$60 per year depending on heating type, housing characteristics and existing energy consumption.
- Call **1 877 431 9463** and give the promotional code **10478**.

2. Energy Conservation Assistance Program (ECAP)

- Free home improvements worth up to \$2,000
- You qualify if:
 - You have a BC Hydro account (if you rent, you need to fill out the Landlord Consent form)
 - Your household income is less than the income limit at the back of the application form
 - You spend more than \$600 a year on electricity
- This can include a free installation of:
 - Energy Star refrigerator
 - Insulation for attics, walls and crawlspaces
 - Advanced draftproofing for windows and doors
 - And much more!
- Every home is different. A qualified home evaluator will determine the energy efficiency upgrades that are needed in each home.
- Call **1 877 431 9463** or visit the website at **bchydro.com/ecap** for more information or an application form.
