

Social Concerns Committee Report
June 2009

At the June 2009 meeting of the Social Concerns Committee recommendations were developed for the board that would lead to a full review of the operation of the BCRTA. The committee recommended that 7 member review commission be appointed at the October board meeting and that this commission report recommendations to the board at its June 2010 meeting.

The review commission will be asked to do the following tasks:

- a. Meet with branches in the zones to receive ideas and suggestions for the future.
- b. Create opportunities for individual member input using all reasonable communication.
- c. Review the constitution and make recommendations
- d. Review the policies and procedures and make recommendations
- e. Review the current committee structure and make recommendations
- f. That the commission report to the BCRTA Board by June 2010. If possible, the report should be part of the 2010 Delegate's Day and AGM proceedings with decisions to be made no later than the 2011 AGM.

The strength of our organization lies within its membership. Members and branches are encouraged to submit comments, suggestions, ideas to this commission. Until the commission is appointed, members and branches are welcome to comment directly to the BCRTA office – info@bcрта.com

The committee also agreed that a SCAM ALERT will be created on the BCRTA web site with summary alerts and links to other sites for detailed information. If members hear about scams, contact the BCRTA office at: info@bcрта.com .
