

December 2009

The Heritage committee met on December 8th to prepare a letter to be sent out to all school districts that do not have a policy on heritage. The letter now has been sent. We also reviewed an article to be sent to the Principal and Vice-Principals' Association for their newsletter. \$1500 was given to the Kimberley RTA to help maintain the Marysville schoolhouse. Finally each heritage committee member took on the task of researching the history of one of the BCRTA's committees.
